

LIFE SCI SURVEY – FINAL

In order to fulfill our mission of providing valuable industry data to facilitate the growth and success of the Biotech community in Texas, we need to hear from you. We are currently focused on identifying what it will take to make Austin a tier-one market.

As a participant, you will receive advanced access to our results. The specific information you supply will be kept strictly confidential as we will only report aggregate results.

This information will help us raise the competitive landscape of our industry. Thank you for assisting us in our effort to better serve you.

We will be reporting our results soon!
